

About Us

Social Entrepreneurship
The act of creating a business that can solve a social problem or benefit a society.

WHERE YOUTH ENTREPRENEURS ARE CREATED

CEOs of Tomorrow, Inc.

Who We Are

CEOs of Tomorrow believes in investing in youth early on in life with the gift of social entrepreneurship education. That's why we were born - to shape our community-minded youth and arm them with tools to make positive social change.

We offer engaging and hands-on social entrepreneurship programs for young innovators and problem solvers who are inspired to shape and influence their world. Youth learn how to take social issues they're passionate about and wrap business concepts around them. Within each program, they actually create and launch their revenue-generating business ideas that help their communities too!

We have dedicated our entire business to empowering young people in bettering the world!

Busine\$\$ of Giving Summer Camp

A fun way to experience entrepreneur\$hip

for 4th-8th Graders

Madison, WI 53713

608-298-6949

Our programs are also designed to strengthen critical thinking, leadership skills, confidence, self-responsibility and problem-solving skills - all traits that can transfer to success both in school and beyond.

BECOMING A YOUNG SOCIAL ENTREPRENEUR MAKES A **BIG** DIFFERENCE!

Profit + Mission

Builds assets and skills in decision making, cooperation, reciprocity, and giving to others, resulting in positive and productive contributors to society

Academic Relevance

Promotes higher academic engagement and achievement by providing a context for teaching academic subjects grounded in the real world and relevant experiences

Financial Literacy

Reinforces necessary money-management skills by teaching the discipline of budgeting, earning, saving, and spending wisely

Life Skill Enhancement

Nurtures the life skills needed to succeed in a complex world, including work-readiness, decision-making, teamwork, and public-speaking skills

Social entrepreneurship education transforms young people into critical thinkers who dream big, make courageous decisions and inspire good will.

Busine\$\$ Of Giving Summer Camp

for 4th-8th Graders

Want to learn how to run a business and help the community at the same time? Join us in two action-packed weeks of hands-on fun where you will learn and apply entrepreneurship skills to launching your very own business. Fun activities, games, and outdoor recreation are included in both weeks. Let's get down to business!

Busine\$\$ Of Giving Summer Camp

June 22-26, 2026

Social Issue: *Environmental Sustainability*

Ahhh . . . there's nothing like the scent of nature to remind us why our planet is worth protecting. This week, campers will dive into the world of environmental sustainability by taking a field trip to the Rooted Community Garden, where they'll discover how botanical ingredients grow and how sustainable land stewardship keeps our local ecosystem thriving. They'll focus on social entrepreneurship—building a business that benefits their community and explore how their soap can inspire others to live an environmentally friendly lifestyle.

Become a Kidpreneur!

During each week, campers will quickly transform into entrepreneurial thinkers by learning the ins and outs of business development and management — everything from choosing a business name, to designing a logo and flyer, to giving a business pitch. They even sell their self-made products to real paying customers on the final day of camp at Kidpreneur Day! Campers will flex their critical thinking skills, grow their confidence, make new friends, and have tons of fun along the way.

You will also:

Learn ways to use your business to also help the community!

Go on a fun related field trip!

Make Money!

Earn a Junior Entrepreneur Digital Badge!

PLUS!

Once camp ends, you get to keep the kit with its 39-page Business Guide and materials so you can keep your business going from home by purchasing refills on your own or from us.

Camp Fee
\$200/WK

Scholarships
